## Surgical Information Packet

Dear Client,

Your pet has been scheduled for an upcoming surgery in the near future. In our attempt to assist clients, we have put together this packet to make surgery day as easy and stress-free as possible.

In addition to this letter, you will find that the following information has been enclosed:

1. Pre-Anesthetic Blood Testing Information Form (**Bring in Day of Surgery**)
2. Surgical Information Sheet (**Bring in Day of Surgery**)

Please read carefully all the enclosed information. If you have any questions, please feel free to call us. On your pets' surgery day, we require you to review and sign an Authorization/Estimate Form— which allows you to choose optional services.

We require a phone number(s) where you can be reached surgery day.

**Failure to be reached on the day of the procedure may result in postponement of the surgery.**

The night before your pet's surgery...

- **Withhold all food and treats after 9:00pm.**
- **Water may be left down after this time period.**
- **If you are currently administering any medications, vitamins and/or injections, Withhold the morning doses unless otherwise instructed by the doctor.**

Please make arrangements for your pet to be dropped off on the morning of scheduled surgery, unless other arrangements have been made in advance. For example, new clients are required to have a pre-surgical visit the morning of procedure and may not have an appointment until later. At time of drop off, our team will be happy to answer any questions/concerns and collect the enclosed/completed **Authorization Form**.

Our veterinary nurse will escort your pet to the surgical prepping area to wait for their surgery. If you have elected any of the recommended blood tests, our nurse will collect all blood samples and tests prior to surgery.

If any questions arise, the doctor may contact you at the number on the Authorization Form.

You are welcome to check up on your pet's status, however, we request that you allow plenty of time for your pet's procedure to be done. At this time, we will be able to give you an idea when your pet may be discharged. When you arrive to take your pet home, the receptionist will bill you out and the veterinary nurse will go over all discharge orders verbally and give you a written copy.
